Dear Parents/Guardians of Danishgah Islamia High (+2) School,

### Assalamu Alaikum Warahmatullah!

Welcome to Danishgah Islamia High (+2) School (DIHS) is **Anglo Islamic Urdu Medium School from Class Nursery, KG, I to XII (Arts, Commerce & Science)**. DIHS was founded on 10th February 1970, Since Danishgah Islamia's mission statement is **"Pursuing Quality Education and Personal Excellence"** we strive daily to reflect on it. While focusing on how the school teaches students the basic principles of Islam to strengthen their faith and identity, we also focus on providing with them quality education in all subject areas of the curriculum.

In our efforts to continue maintaining high standards of excellence, we rely on the support of parents/guardians and students. This requires giving a higher priority to the concept of accountability. We all must be held accountable for the important role we play in educating the next generation. Danishgah Islamia High (+2) School is a wonderful school where all staff members understand the sacrifice they must make to help students succeed. I believe that all students, parents, teachers, administrators, board members and the community at large must join in assuming responsibility for students' success. We are working in the school to ensure that our expectations for learning and behavior are consistent. The teachers in each of the grade levels work closely together to ensure consistency in expectations. Here at Danishgah Islamia High School, we focus on using positive and friendly language such as saying, "Assalamu Alaikum, Jazakallahu Khair, Masha-Allah, Please, Thank you, Work Hard, Try Your Best and Safety First." for motivating our learning and reminding students of our expectations. The children know that every adult in the school is responsible for every child and that we all need to treat one another with dignity and respect. All of our efforts will lead to learning opportunities that are current, challenging, relevant, and meaningful for our children.

Parents meetings are scheduled for the **Every Terminal Result**. I hope that you will visit our school, volunteer in different activities, attend parent- teacher workshop and request meetings when needed. I believe students learn best when they are a part of a positive and nurturing environment that involves efforts from school, home, and the community. Insha-Allah, our goals this year include:

Provide a positive and supportive school climate Promote high expectations and improve student achievement in all areas Continue promoting high expectations, especially in literacy, Science Lab, Computer Lab, Smart Education System, Play Ground for Sports and Games, numeracy, Qur'an reading, Islamic Studies and Arabic Promote, model, and encourage good character, leadership, problem- solving abilities, mutual respect, and social responsibility taking our beloved Prophet Mohamed (s) as a role model.
